A pleasing turnout on a cold winters morning which made it an easy decision to set everyone off together. For most it was a lonely run trying to match their predicted times but Nick and Ian battled all the way to the line with Nick having his first competitive outing for 13 months. Congratulations to Gina who was only 8 secs off her estimated time. The surprise package was Tony C who was immediately rushed off for drug testing! Many thanks once again to Liz and Tony for standing out in the cold waiting for us all to return.
